Children's Programming

Fire Safety Week and Space Camp

On Friday, October 7, we will have a very special story time for Fire Safety Week.

Then, October 19—22 get ready to launch into Casey Memorial Library Space Camp! Activities for teens, pre-K and elementary aged school children will take place each day culminating with our two-hour Space Camp event on Saturday, October 22 from 1pm to 3pm.

Halloween Storybook Walk

Halloween is a favorite day at the library and we want you and your children to dress up, dress down—dress like a clown—and join us for a spooky (not scary) Halloween Storybook Walk inside Casey Memorial Library. There will be small tricks and big treats during the October 29th event between 1230pm and 230pm. For more information, please call 254-287-2716

Teen Squad

“Teen Squad” continues every Wednesday between 6pm and 7pm for teens to hang out and enjoy stress free group activities.

In October, Teen LiT will be held on Saturday, October 15, to meet up and talk Manga, Anime and Graphic Novels. Each month Teen LiT will have a new genre or topic to cover.

All materials are provided and the group is managed by a librarian. Parents are welcome to drop off or stay and enjoy the library, but this is a teens only group!

For more information, please contact the Public Services Librarian at 254-287-2716.

Database Courses

We have designed introductory courses to all of our databases. Our online resources are almost endless: languages, e-and audio books, newspapers and magazines and DIY.

Each 45-minute introductory course will introduce you to our online resources and then focus on one of the databases.

Librarians assist you in setting up and exploring the database in order for you to have the freedom to connect on any computer no matter where you are located.

Our databases serve our military when away from their home allowing them to access information from anywhere. For families, we have databases for children and adults for learning and leisure.

October courses and dates are:

Thursday, October 6
“Culture Grams” - learn the do’s and don’ts of cultures all over the world.
45 minute courses at 4p and 6p

Thursday, October 27
“e-content” -
Learn all of our e-content for e-books, audio books, magazine and journals and more.
45 minute courses at 4p and 6p

Courses are held in the Main Library Computers

For more information, please call 254-287-2716
